

## Adobe Photoshop for Quilters – David Taylor

Class level: All

David Taylor has had a career as a graphic artist for more than 20 years. This lecture workshop is designed for quilters who would like an overview of Adobe Photoshop tools. The workshop will cover:

- Types of files
- Color formats
- Proper file sizing and cropping
- Color adjustment with curves and levels
- Layering images
- “Cutting out” images and manipulation
- Tool overview
- Some cool photo tricks
- A free handout is provided
